

<b>'OLfolders' for Outlook-Networks</b>					
Price list for end user (License fees / noncommittal price recommendation)					
<b>Outlook networks with OLfolders   from 2 up to unlimited users</b>					
Each client computer needs one license key, regardless if all users access a single server (client/server) or if one or more computers share the data (peer-to-peer).					
<b>Example: Outlook-network for 5 Outlook-PCs</b>					
- <b>'Peer-to-Peer Network'</b>   One of the workstations act as a server. The server itself does not need a license key for OLfolders. The other 4 clients are accessing the server and need a license key. (Article 10400)					
- <b>'Client-Server Network'</b>   The dedicated server needs an installed Outlook and 5 licenses keys – one for each client (Article 10500).					
<b>Note:</b>					
- Each license code for OLfolders works for <a href="#">QSynchronization</a> as well. Simply insert any code in the QSynchronization license dialog.					
- All prices are in EURO (€) without German VAT ( <b>Value-Added Tax</b> ).
